DEPARTMENT OF DEFENSE APPLICATION FOR PRIORITY RATING FOR PRODUCTION OR CONSTRUCTION EQUIPMENT

OMB No. 0704-0055 OMB approval expires Feb 29, 2008

(Read Instructions on Page 4 before completing form.)

The public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Department of Defense, Executive Services Directorate (0704-0055). Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

PLEASE DO NOT RETURN YOUR COMPLET FILE YOUR COMPLETED FORM.		-

	a. SIGNATURE OF PRIORITIES ALLOCATIONS OFFICER		

1. Who Should File DD Form 691.

Persons working on priority rated contracts and orders who need production or construction equipment to produce items covered by such orders. This includes prime contractors who have received rated orders directly from a Government procuring agency or subcontractors working on rated orders that have been extended to them by their customers. Rated orders will bear the priority rating.

2. Where to Obtain Copies of the Form.

Copies of DD Form 691 may be obtained on request from local Defense Contract Management Agency (DCMA) offices or procurement officers of the military departments or other DoD components.

3. Where to File and Number of Copies.

File an original and three (3) copies of DD Form 691 with the nearest DCMA office or procurement officer of the military department or other DoD component having jurisdiction over the orders you are working on. If you have a number of orders belonging to more than one military department, file your application with the nearest DCMA office or procurement officer of the military department or other DoD component that has the majority interest in rated orders on hand and in process on which you will use the requested equipment. 4. How to Use the Priority Rating on Approved Requests.

You will receive a certified copy of your application either approving in whole or in part or denying authority to use the rating to obtain the items requested. The extent of approval will be specified by the number of units entered in Item 6.g. for specified items in Item 6.a. You may use the rating only for the number of units of an item shown in Item 6.g. If the word "Denied" has been entered in Item 6.g. for an item specified in Item 6.a., you may not use the rating to obtain any of the item.

If the equipment supplier refuses to accept the rated order or for any reason cannot achieve timely delivery of the equipment, you should promptly seek the assistance of the nearest Defense Contract Management Area Operation Office or DoD Procurement Officer with cognizance over the orders you are working on.

5. Where to Find the Standard Industrial Classification (SIC) Codes.

Standard Industrial Classification (SIC) Codes can be found in the SIC Codes manual published annually by the Office of Management and Budget (OMB).

DEFINITIONS

PRODUCTION EQUIPMENT: Any item of capital equipment used in producing materials or furnishing services that has a unit acquisition cost of \$2,500 or more, and anticipated service life in excess of one year, and the potential for maintaining its integrity as a capital item.

CONSTRUCTION EQUIPMENT: Any item of capital equipment used in the erection, addition, extension, or alteration of any building, structure, or project that has a unit acquisition cost of \$2,500 or more, and anticipated service life in excess of one year, and the potential for maintaining its integrity as a capital item.
